

## Scum

## Santa Hates You

armies of mindless bigots  
are marching on our souls  
trying to crush our rights  
as they cry out the name of god

they're licking their egos  
like a dog licks his balls  
acting like worms  
but at least a worm crawls!

is it attention that they crave?  
they're just digging their own grave  
we're gonna take no prisoners  
now it's out turn to misbehave

racists, sexists, homophobes  
and all you other assholes  
around the globe  
we're here to let you know  
that your time is gone!

fuck you! you fucking scum!  
we're gonna take no prisoners  
your time is gone!

they high-five Jesus  
and then give head to the devil  
they take hypocrisy  
to a whole new level

is it attention that they crave?  
they're just digging their own grave  
we're gonna take no prisoners  
now it's out turn to misbehave

shutting them down  
will be a pleasure  
'cause drastic times  
call for drastic measures

racists, sexists, homophobes  
and all you other assholes  
around the globe  
we're here to let you know  
that your time is gone!

fuck you! you fucking scum!  
we're gonna take no prisoners  
your time is gone!
