

# Sail Away

Santiano

Hey, hey  
Hey, hey  
Hey, hey

You hear the drums, they're marching, just half a mile away (hey, hey)  
You hear the dogs are barking, you got them on your tail (hey, hey)  
So if you don't want to end up between the cannons' roar  
If you don't want to end up in a war

When they come for you  
Come running for the shore  
Sail away, sail away, sail away  
'Til you see the coast no more  
Sail like no one else before  
Sail away, sail away, sail away  
When they come for you  
We're gonna set you free  
Sail away, sail away, sail away  
For you're better off at sea  
There's no better place to be  
Sail away, sail away, sail away

(Hey, hey)

We sail in open waters until our final day (hey, hey)  
The renegades, they call us and freedom guides our way (hey, hey)  
So if you don't want to end up between the cannons' roar  
If you don't want to end up in a war

When they come for you  
Come running for the shore  
Sail away, sail away, sail away  
'Til you see the coast no more  
Sail like no one else before  
Sail away, sail away, sail away  
When they come for you  
We're gonna set you free  
Sail away, sail away, sail away  
For you're better off at sea  
There's no better place to be  
Sail away, sail away, sail away

(Hey, hey)

When they come for you  
Come running for the shore  
Sail away, sail away, sail away  
'Til you see the coast no more  
Sail like no one else before  
Sail away, sail away, sail away  
When they come for you  
We're gonna set you free  
Sail away, sail away, sail away  
For you're better off at sea  
There's no better place to be  
Sail away, sail away, sail away  
Sail away, sail away, sail away

Sail away, sail away, sail away

(Hey)
