

Shake

Santigold

Shake, shake
Shake
Shake, shake
Shake
Shake, shake
Shake

We don't got to wonder
It all comes in time
I won't buckle under pressure
I'ma be alright
I will never follow
If I know the way
But if you got my back
I got you, set your worry free

You got to shake
Shake
You got to shake
Shake, shake
Got to shake
Shake
You got to shake
Shake, shake

I don't analyze it
Look to where I been
Want to get on track
Go back to where it all began
Let it buck and ride it
Level out that thing
It might take you down
You'll rise back up if you just shake

You got to shake
Shake
You got to shake
Shake, shake
Got to shake
Shake
You got to shake
Shake, shake

You got to shake
Shake
You got to shake
Shake, shake
Got to shake
Shake
You got to shake
Shake, shake

We gotta keep
We gotta keep on moving
We gotta keep on
Keep on moving
Let me see ya shake, yeah

(All we gotta do is) We gotta keep
We got to keep on moving (Let me see ya shake, yeah)
We got to keep on moving up
Keep on moving (Let me see ya shake, yeah) (We gotta keep on moving up)
