

Dream Girlfriends

Sara Bareilles

Ooh-ooh

Have you ever wanted the perfect girl to fit in your world?

Well, don't make a wish, because we're already real

Low rise jeans with the one-tooth zipper

Eye brows thin, bronzer thicker

Whale tail peekin', ready for the weekend

And our eyes are all over you, boy

We're...

Dream girlfriends

'Cause our dads are dead

So you never have to meet them, and get asked why you left school

Dream girlfriends

No pushback

'Cause our moms are all retired

And hopin' for the best

We've got the kind of birth control that goes in your arm

And tell me again why Tarantino's a genius?

Happy to drive so you can drink

Beam and Coke, shots of Rumpel Minze

Butterfly tat flying up our back

And we wanna watch you play darts

Got big doe eyes that you can swim in

Love watching stand-up, but not by women

Runnin' in pumps, never takin' dumps, and my feet are a child size for
ur

We're...

Dream girlfriends

'Cause our dads are dead

They gave us some advice

But we forgot what they said

Dream girlfriends

No pushback

All we have is a cool uncle

Who let us use his boat

Dream girlfriends

We never need to talk

You can tell your friends we're models

'Cause we were in some catalog

Dream girlfriends

No drama, 'cause we're party girls who wear cowboy hats to a bar

Low maintenance, hot, and fitting in your world

You'll never want to wake up from us

We're short

So we don't know that you're bald
