

Yesternights

Sara Bareilles

Up all night, thinking about those yesternights
Wishing you could be my knight
But you're only in my yesternights of night
Oh, yeah

Lonely nights, sitting here all alone at night
Wishing right now was not my tonight
'Cause this night can't hold a candle to my
Yesternights, all night
Oh, yeah

Way past midnight, trying to do dreams overnight
But you're in my arms forevernights
'Cause I can't say goodnight to my night
From my yesternight

But tonight, there is no night or tomorrow night
Or any future night
'Cause you're only in my yesternight of nights

Yesternights
Gorgeous and sensual
Yesternights
Life fancy
Yesternights
Dancing, yearning
Yesternights
Wondering, sexual, by the candlelight
Dreaming of those yesternights of nights
