

# Good Love Is Hard to Find

Sara Evans

I'd always heard it's out there  
The you just know it kind  
But all I ever found was  
Good love is hard to find

I was ready, I was willing  
To let it in my life  
But that's just half the battle  
'Cause good love is hard to find

Talkin' 'bout sweet, sweet kinda love  
The no such thing as get enough of  
You can't hide it love  
It's written on your face

So when I saw you from a distance  
And that something in your eyes  
It was met with no resistance  
'Cause good love is hard to find, yeah

Well, you talk about your miracles  
There's no doubt you are mine  
And don't think that I don't know it  
'Cause good love is hard to find

Yeah, to find someone who knows you  
And everything you are inside  
Oh no, there's nothing you won't do  
'Cause good love is hard to find

Talkin' 'bout sweet, sweet kinda love  
The no such thing as get enough of  
You can't hide it love  
It's written on your face

There's no day I won't get through  
If I hold you through the night  
Oh, I'm never gonna lose you  
'Cause good love is hard to find, yeah

Oh, talkin' 'bout sweet, sweet kinda love  
The no such thing as get enough of  
You can't hide it love  
It's written on your face

If there's one thing I can count on,  
One thing I know is right  
Every day I live I'll choose you  
And good love is hard to find  
Oh, I'm never gonna lose you  
And good love is hard to find
