

# I Thought I'd See Your Face Again

Sara Evans

I never wanted to, but I said goodbye to you  
It happens, people change  
Sometimes their dreams go separate ways  
They say all good things must end  
Still someday I thought I'd see your face again

I understand, I realize  
It was the end of all those nights  
(With) you here in my arms, just the pounding of two hearts  
Now that's all gone with the wind  
Still someday I thought I'd see your face again

(Oh) I've gotta phone, but no way to get a hold of you  
I've got a letter, no address that I can send it to

Tonight I'll look out to the stars  
Can't help but wonder where you are  
So much space and time between all those used to be's  
I know life goes on, but then  
Still someday I thought I'd see your face again  
I know life goes on, but then  
Still someday I thought I'd see your face again
