

The View

Sara Evans

I'm just a sunset
That doesn't last for long
I'm just some lyrics
That sometimes can't be sung
Honey, I'm a curtain
That can't be drawn
So take a picture
And hang it on your wall

Enjoy the view
Cause soon it will be gone
Enjoy the music
Of this fading song
Cause soon the clouds will cover up the sky
Enjoy the view

I don't wanna rush
Though we don't have much time
They've gone to bed
And finished all the wine
Thoughts in my head
Of how you won't be mine
But it's not your fault
It's my own crime

Enjoy the view
Cause soon it will be gone
Enjoy the music
Of this fading song
Cause soon the clouds will cover up the sky
Enjoy the view

Enjoy the view
Cause soon it will be gone
Enjoy the music
Of this fading song
Cause soon the clouds will cover up the sky
Enjoy the view
Cause soon it will be gone
Enjoy the music
Of this fading song
Cause soon the clouds will cover up the sky
Enjoy the view

It's the view... you're gonna lose...
It's the view... you're gonna lose...
It's the view... you're gonna lose...
It's the view... you're gonna lose...
