

# COLLARBONE

Sara James

You don't seem to be exactly that type  
To make this guy behave like a human being  
Let's start all over again  
Oh brother  
Oh brother  
Is right!

To them big shirt, collar boned  
Woman with their keys hanging off they clothes  
Love it when your rings touch my body like that  
There's some pretty boys but I always come back

To them big shirt, collar boned  
Woman with their keys hanging off they clothes (sh\*\*)  
Let's do it again  
Haha

You don't give a damn  
'Til the fishes biting  
Baby help me lose something  
You can find it  
I'm gonna move on you fast  
Blue I'm scuba diving  
Holy water on my hands  
That's me Jesus Christin'

My Malaysians and my Haitians and my Polish chiks  
Shawty show me how to whisper in your first language  
Plus I'm pretty  
I'll be mami but I'm daddy rich  
You can't resist

To them big shirt, collar boned  
Woman with them keys hanging off they clothes  
Love it when your rings touch my body like that  
There's some pretty boys but I always come back

To them big shirt, collar boned  
Woman with them keys hanging off they clothes (sh\*\*)  
I love it when your rings touch my body like that  
There's some pretty boys but I always come back

My place  
There on your lap  
Press play  
I'm on your dash  
Hands up  
Like issa crowd  
Dancer  
Spin me around  
First one of my masc's  
Made me break a yeah  
But I'm the kinda femme  
Make you shake a yeah

Bde energy  
Energized, yeah

You could be my kitty cat  
My kiki how you riding, yuh  
My basquiat  
We rolling in the violet paint  
And red and green and yellow  
Orange skies blue flames

Yeah  
Me and kiki ain't the same  
Nuh uh  
Say my name  
Sara James  
All my mascs, front stage  
Even if you at the back  
Cuz I dedicate the track

To them big shirt, collar boned  
Woman with them keys hanging off they clothes  
Love it when your rings touch my body like that  
There's some pretty boys but I always come back

To them big shirt, collar boned  
Woman with them keys hanging off they clothes (that's right)  
Love it when your rings touch my body like that  
There's some pretty boys but I always come back

Let's start all over again
