

IDK ME ANYMORE

Sara James

Feeling your arms
Lost my first and second thoughts
It's hard in the dark yeah
You don't remove
You just dance around the room
To get what you want (get what you want)

I've never had somebody show me
When to run away and when to stick around yeah
Told me sell myself to own me
But you kiss the scars I got wearing your chains yeah

Something about your mouth
I want it right now

Break me up and slip me into what we're drinking
Tell me that I'm special, tell me that I'm different
Call me by another name 'til I don't know me
Anymore anymore
Pick me up and drive me 'til my head is spinning
Can't be kissed in public case your girlfriend witnessed
Call me by another name 'til I don't know me
Anymore anymore

Get me alone
Switch up your tone
U such a performer
I know that I said
I want it toxic
I was just talking (shi... shi...)
Shimmering gold
Tinni with rose
That's what I saw but
You barely looked at me
No

I've never had somebody show me
When to run away and when to stick around yeah
Told me sell myself to own me
But you kiss the scars I got wearing your chains yeah

Something about your mouth
I want it right now

Break me up and slip me into what we're drinking
Tell me that I'm special, tell me that I'm different
Call me by another name 'til I don't know me
Anymore anymore
Pick me up and drive me 'til my head is spinning
Can't be kissed in public case your girlfriend witnessed
Call me by another name 'til I don't know me
Anymore anymore

Call me by another name 'til I don't know me
Call me by another name 'til I don't know me
Call me by another name 'til I don't know me
Anymore anymore

Something about your mouth (something about your mouth)
I want it right now
Something about your mouth
I want it right now
