

# SALTY

Sara James

Why my lips taste salty  
So salty  
Why my lips taste salty  
So salty

You told me we have time  
That nothing could divide us  
Hiding in the sky  
Knew it was a lie  
But I loved the liar too much  
Remember back in Prague  
Ya held me really tight there  
How could anything this great just fade  
And turn into a nightmare?

I'm feeling like a fool  
Don't know what to do  
I don't have a clue

Now I got your wilted flowers standing on my shelf  
Make me think about that you're with someone else  
As the leaves fall down I promise to myself  
I'll be stronger, but I wonder

Why my lips taste salty  
So salty  
Why my lips taste salty  
So salty  
Why my lips taste salty  
So salty  
Why my lips taste salty  
So salty

You're stuck like a complex hit melody, you're repeating  
Don't wanna know why you're leaving  
If you don't call, I'll be grieving  
Can't believe it (can't believe it)  
I don't wanna wait for the healing  
Jealous of the air you're breathing  
I don't wanna feel that feeling  
Anymore

Cause I'm feeling like a fool  
Don't know what to do  
I don't have a clue

Now I got your wilted flowers standing on my shelf  
Make me think about that you're with someone else  
As the leaves fall down I promise to myself  
I'll be stronger, but I wonder

Why my lips taste salty  
So salty  
Why my lips taste salty  
So salty  
Why my lips taste salty  
So salty

Why my lips taste salty  
So salty

As my mother taught her daughter (aye)  
Flowers can't grow in salty water

Why my lips taste salty  
So salty  
Why my lips taste salty  
So salty  
Why my lips taste salty  
So salty  
Why my lips taste salty  
So salty

Now I got your wilted flowers standing on my shelf  
Make me think about that you're with someone else  
As the leaves fall down I promise to myself  
I'll be stronger, but I wonder

Why my lips taste salty
