

Here We Go Again

Sara Paxton

I've been up and I've been down
I've been looking for you in a million times
But you don't even know that I exist
I'll stay on this bumpy ride
And if I ever find you, I will dive
Right into an ocean full of bliss

All the times I tried before
But I keep coming back for more of this
Somewhere underneath these dark clouds
I'll find that magic kiss...

So here we go again
But I'm not so tired, that I'll give up
My hope will never end
I keep hanging from the edge
'Cause I know someone is on the other side
(Waiting for...)
This cold lonely night

Here we go again
Here we go, Here we go
Here we go again
Here we go (Here we go)

It's like jumping in an empty pool
Going all fake can be so cruel, and ya
Never know what mess your get yourself in
Oh, when you think you'll never figure it out
Just when you thought you'd never turn it around
It's in that moment that something gives

All the times I tried before
But I keep coming back for more of this
Somewhere underneath these dark clouds
I'll find what I've been looking for...yeah

So here we go again
But I'm not so tired, that I'll give up
My hope will never end
I keep hanging from the edge
'Cause I know someone is on the other side
(Waiting for...)
This cold lonely night...

Feels like the world is spinnin' out of control
There's no one to hold
And I'm so alone
Feels like the world is spinnin' out of control
And it gets so old being on your own...

Oh..., Oh...
Oh...

So here we go again
But I'm not so tired, that I'll give up
My hope will never end

I keep hanging from the edge
'Cause I know someone is on the other side
For this cold lonely night

Here we go again
Here we go, Here we go
Here we go again
Here we go, Here we go
Here we go again
Here we go, Here we go
Here we go, Here we go
Here we go...
