

# All My Sins

Sarah Barrios

Do I know me  
Four walls and my thoughts  
They talk too loud when I'm lonely  
They think that they know me

They say that it's easy  
To just be yourself lay it out  
Yeah, show what you're feeling  
But it's not that easy

My parents would be so ashamed  
Some of the things I've done and the shit I've said  
Wish it was just a bad dream

Cause I'm good at making bad mistakes  
Some of the things I've done and the shit I've said is this  
Who I'm supposed to be  
Who I'm supposed to be

Or am I just  
All my sins  
Or can I be  
More than this  
Maybe I've been way too hard on myself, yeah  
What if I could change  
I could use a break  
From all my sins

Am I alone in this  
Am I the only one who can't seem to keep it together  
Can I keep it together

My parents would be so ashamed  
Some of the things I've done and the shit I've said  
Wish it was just a bad dream

Cause I'm good at making bad mistakes  
Some of the things I've done and the shit I've said is just  
Who I'm supposed to be  
Who I'm supposed to be

Or am I just  
All my sins  
Or can I be  
More than this  
Maybe I've been way too hard on myself, yeah  
What if I could change  
I could use a break  
From all my sins...

(Can I be more than this or am I just) from all my sins...
