

Welcome To The Real World

Sarah Barrios

Everytime you talk it makes me anxious
And everything you say needs explaining
You would build a girl if you could
And you see nothing wrong with that

You mistake a smile for conversation
Pretty sure you're overcompensating
You try to convince me that you're good
But it don't really work like that

If only you knew
What guys like you
Been putting me through
I wonder if you'd feel the same
I bet the mirror is hard to face

Welcome
To the real world
This is real life
For a real girl
Call it tragic
How'd this happen
Oh, it's worse than you could imagine

Welcome
To the dark side
Do you still feel
Like a nice guy
Is it different
Than expected
Oh, it's worse than you could imagine

I see it in your eyes you didn't listen
Can't say I'm surprised you want forgiveness
It's not about you
It's not a guilt trip dude
Redemption doesn't work like that

If only you knew
What guys like you
Been putting me through
I wonder if you'd feel the same
I bet the mirror is hard to face

Welcome
To the real world
This is real life
For a real girl
Call it tragic
How'd this happen
Oh, it's worse than you could imagine

Welcome
To the dark side
Do you still feel
Like a nice guy
Is it different

Than expected
Oh, it's worse than you could imagine

Ooh...
Oh, it's worse than you could imagine

Welcome
To the real world
This is my life
I'm a real girl
And it's tragic
You let it happen
Oh, it's worse than I could imagine

Welcome
To the dark side
Do you still feel
Like a nice guy
Is it different
Than expected
Oh, it's worse than you could imagine

Ooh...
Oh, it's worse than you could imagine
