

Driving Alone

Sarah Bettens

If I had taken every road
Where I've been told to go
If I took everybody seriously
Who said they loved my show

I'd be going left
Going right
And standing still
At the same time
But I'll go
Wherever I need to go
I'll know
When I start to lose control

If I can't mess up
With open eyes
I might get it all
But it won't be mine
I thank you all
For the wealth of advice
But I'm
Driving alone tonight

No, don't turn that turn down
This could turn things around for you
Be a guide for you
I'd be out of my mind
If I didn't try so hard
To not remember what they're saying
I'll go
Wherever I need to go
I'll know
When I start to lose control

Will you let me be
The girl you're not
When I look at me
It's all I've got
I know I lean on
Others who are
But I'm
Driving alone tonight

Don't tell me
Where I wanna be
Don't ask me what I
See for me in the next two years
I would like to see
Things happen to me
And I'll go
Wherever I need to go
I'll know
When I start to lose control

And I'll go
Wherever I need to go
And I'll know

When I start to lose control
