

Slow You Down

Sarah Bettens

You can say what you want
I know you're already gone
In the way you sigh
and your empty eyes
Like there's nothing left inside
Can you tell me that's not why...

You've been takin off
You've been driving around
You've been leaving like this house of ours
is just too loud
You don't have to try
If you're just too tired
'Cause I
Don't wanna slow you down.

You know it'll be fine
I don't want what's not mine
We can find our way
Through another day
I don't need your absent mind
You can't tell me that's not why...

You've been takin off
You've been driving around
You've been leaving like this house of ours
is just too loud
You don't have to try
If you're just too tired
'Cause I
Don't wanna slow you down.

There's a part of me
That wants you here
Just the way we were
But I won't be the one
Who keeps holding on
We've been going at this
Way too long

You've been takin off
You've been driving around
You've been leaving like this house of ours
is just too loud
You don't have to try
If you're just too tired
'Cause I
Don't wanna slow you down.

Don't wanna slow you down
