

## Bury This

Sarah Blasko

Come down to the ocean  
Come down and I'll baptise you  
To the ocean once more

Come lay down in the soil of youth  
Come lay down where you and I were born  
In the soil of youth I'll bury you  
I'll bury you once more

Come now to a foreign land  
Come now, we'll start again  
In a foreign land we'll start again  
We'll start again once more
