

# Heaven Sent

Sarah Blasko

[Verse 1]

Don't wanna know where we all go  
Up above or down below  
I'm gonna hit my stride, play my part  
Before I wake the dead from their rest

[Verse 2]

Don't wanna know where we all came from  
On a star or were we reborn  
Just wanna heal my scars, play my part  
Well I am in this life, not in the next

[Pre-Chorus]

I could be right, I could be wrong  
But all that matters to me  
What is in the heart, not what you believe  
Open up my eyes so that I can meet  
A world within my reach, right in front of me

[Chorus]

If the answers are blowin' in the wind  
There's no way of knowing  
If we're heaven sent  
We could be heaven sent  
Were the ashes of my mother her returning?  
I've no way of knowing  
If we're heaven sent  
We could be heaven sent  
Or just a dream

[Verse 3]

Don't wanna know where we all will go  
Up above or down below  
I know we've hit this hard, burst these scars  
Don't wanna wake the dead from their beds

[Verse 4]

Don't wanna know where we all came from  
But what we're doing to weather the storm  
I wanna play my part, repel the dark  
Until I leave this life for what comes next

[Pre-Chorus]

I might be right, I might be wrong  
  
But all that matters to me  
What is in the heart, not what you believe  
Open up my eyes so that I can meet  
A world within my reach, right in front of me

[Chorus]

If the answers are blowin' in the wind  
There's no way of knowing  
If we're heaven sent  
We could be heaven sent  
Were the ashes of my mother her returning?  
I've no way of knowing

If we're heaven sent  
We could be heaven sent  
Or just a dream  
Or just a dream

[Bridge]

You and I are moving in the same realm  
Regardless of our views on heaven and hell  
So let's commune before this precious time ends  
Reflections of the light that is surrounding

[Pre-Chorus]

Might be right, might be wrong  
But all that matters to me  
What is in the heart, not what you believe  
Open up my eyes so that I can meet  
A world within my reach, right in front of me

[Chorus]

If the answers are blowin' in the wind  
There's no way of knowing  
If we're heaven sent  
We could be heaven sent  
Were the ashes of my mother her returning?  
I've no way of knowing  
If we're heaven sent  
We could be heaven sent  
Or just a dream  
Or just a dream  
Or just a dream  
Or just a dream
