

# Never Let Me Go

Sarah Blasko

I don't have the time  
To walk around in circles  
To wonder if I'm right  
Or am I doing something wrong?

Some days you'll see me at my worst I know  
A side of me that I cannot control

Never let me go  
I'm far from perfect  
I'll admit the crime and I'll do the time  
Just don't ever let me go

You don't have the mind  
To walk away I know  
You're in too deep to give up  
And you're too cowardly to let go

And you've seen me at my worst nothing to hide  
From the depths I beg and scream and cry

Never let me go  
No don't entertain it  
Oh you'd get a shock if I put a lock on  
You'll never let me go  
Never let me go  
Oh I know you're hurting  
Cause I stole your pride but the tide is high  
So you won't ever let me go

Never let me go  
Never let me go  
Never let me go  
Never let me go

Never let me go  
Never let me go  
Never let me go  
Never let me go

You'd get a shock if I put a lock on you  
Never let me go  
You'd get a shock if I put a lock on you  
Never let me go
