

Phantom

Sarah Blasko

I feel my destiny
Without a sound
Constant force of energy
Floating around
Laid your hands upon me
When I was a child
Pushed me under water
Planted in the ground

And when you're here, I'm found
I wanna say & do
I'm gonna fill my lungs with you
My phantom heartbeat!

You're always there for me
It's so profound
When somebody loves you when you're down
Come lay your hand upon me
I feel like a child

Breathing under water
Living in the ground

And when you're here I'm found
I wanna say & do
I'm gonna fill my lungs with you!

Winds will change
They always do
They'll blow away the very heart of you
No I'm not concerned
When you are near...
My phantom heartbeat!

And when you're here I'm found
I wanna say & do
I'm gonna fill my lungs with you...
My phantom heartbeat!
