

Lemonade

Sarah Close

Pick up the pieces and go and buy some lemonade
We can take a walk
Hop on a train, on a plane, go far away
Find an escape from what the people all have to say

And you won't be my [?] cause I got my own [?] for that
But if you get this feeling then just tell me that you're down to vibe
Cause I am ready to serve
Sittin' here in my kicks, waitin' on the curb
(Oh oh oh)

Cause I am standin' right here
(Oh oh oh)
(Oh oh oh)
So why're you over there
(Oh oh oh)
(Oh oh oh)
Cause I am standing right here
(Oh oh oh)
So don't you know that babe
I'm picking up the pieces and I'm bringing you some lemonade

And all I wanna do is get into you
And all you have to say is that you want it too
And all I wanna do
And all I wanna do is get into you, into you
(Oh oh ah oh oh oh)
(Oh oh ah oh oh oh oh)
(Oh oh ah oh oh oh)
(Oh oh ah oh oh oh oh)
(Oh oh ah oh oh oh)

You were like the fire and you burn me to the ground
You take me so much higher only when you are around
And I float
Easy on the breeze
Swinging like a monkey going happy through the trees
And I've grown
All over again and I know
This is not the time that I go
I'm just passing by
Don't worry, I know I'm the apple of your eye

(Oh oh oh)
Cause I am standing right here
(Oh oh oh)
So don't you know that babe
I'm picking up the pieces and I'm bringing you some lemonade

And all I wanna do is get into you
And all you have to say is that you want it too
And all I wanna do
And all I wanna do is get into you, into you
(Oh oh ah oh oh oh)
(Oh oh ah oh oh oh oh)
(Oh oh ah oh oh oh)
(Oh oh ah oh oh oh oh)

(Oh oh ah oh oh oh)

So let's sort this all out
Hope it's clear for you now
You're all my heart's about
So let's sort this all out
Hope it's clear for you now
You're all my heart's about

(Oh oh ah oh oh oh)
(Oh oh ah oh oh oh oh)
