

(1,2,3,4) Shots Of Patron

Sarah Connor

I'm here all alone
In my bathtub foam
Blowin' bubbles all around
Snowflakes on the ground
My girls are on my case
'Cause they wanna party
Tellin' me, "Come out tonight"
And I shouldn't, but I still might, though

'Cause now you're hittin' up my phone
And you're lookin' way too good (So good)
I'm bored of bein' alone
And I know for sure you would

After one, two, three, four shots of Patrón (Ooh-ooh-ooh)
You could be my baby
Like the Christmas lights, you're turnin' me on (Haa)
Spin me 'round and play me
I'm seein' candy cane stars in your eyes
And if you're good, I take you home tonight, oh-oh
(Oh-oh)

Now it's gettin' late
Look at what you started
With your hands around my hips
Can't say I'm not lovin' it
Now I'm feelin' a little bit tipsy
I wish you would kiss me all night long
Right under the mistletoe
So what are you waiting for?

Suddenly, you turn around, and we're standin' face to face
Santa, can I unwrap one gift and take him to my place?

After one, two, three, four shots of Patrón (Ooh-ooh-ooh)
You could be my baby
Like the Christmas lights, you're turnin' me on (Haa)
Spin me 'round and play me, ohh
I'm seein' candy cane stars in your eyes
And if you're good, I take you home tonight, oh-oh
(Oh-oh)
(Oh-oh)

Ooh, ooh, ooh, ooh, ooh (Oh-oh)
(So good)

After one, two, three, four shots of Patrón
You could be my baby
Like the Christmas lights, you're turnin' me on
Spin me 'round and play me
I'm seein' candy cane stars in your eyes
And if you're good, I take you home tonight, mm-mm
