

Dreams Fade Away

Sarah Darling

How would I ever know
If I never tried
If I never tried to love
It's easy to blame yourself
For wanting something else
Wanting something else

Dreams start to fade away
Become another day
And then another day goes by
Can't seem to watch it pass
Was never good at that
Never good at that. Was I?

I'm not okay with just leaving
Or holding back my words until I need them
I'm not okay with just leaving
Cause I love you too much

I thought I was above
I guess I really wasn't
I guess I really wasn't
A kiss is meant to fade
And feelings go away
Feelings go away

I'm not okay with just leaving
Or holding back my words until I need them
I am not okay with just leaving
Cause I love you too much

I love you too much
I love you too much
I love you too much

And how would I ever know
If I never tried
If I never tried
To love
