

# How Dare You

Sarah Darling

I get a fever baby  
When you walk into the room  
My heart only needs you baby  
So all the whim  
That I can barely move  
You know what you're doing  
And it's not fair  
Drive me crazy when you  
Run your fingers through your hair  
Got my temperature risin'  
But I see you smilin'  
There's no stopping it

How dare you  
Do what you do to me  
I'm so helpless against  
The pullin' of the gravity  
I fall apart every time you speak  
Every word has got a  
Dangerous affect on me  
Whoa whoa how dare you  
Whoa whoa how dare you

Haven't been sleepin' lately  
Tossin' and turnin' through the night  
And dreamin' you'd come and take me  
By the hand and kiss me a thousand times  
You've got my mind workin' overtime  
Before I met you  
I swear that I was doing fine  
I'm just a mess yeah  
My heart is a wreck and  
There's no stoppin' it

How dare you  
Do what you do to me  
I'm so helpless against  
The pullin' of the gravity  
I fall apart every time you speak  
Every word has got a  
Dangerous affect on me  
Whoa whoa how dare you  
Whoa whoa how dare you

Every time you look into my eyes  
Sparks fly like lightning across the sky  
It sends a shock right down my spine  
Yeah there's no stoppin' it

How dare you  
Do what you do to me  
I'm so helpless against  
The pullin' of the gravity  
I fall apart every time you speak  
Every word has got a  
Dangerous affect on me  
Whoa whoa how dare you

Whoa whoa how dare you

How dare you

How dare you

How dare you

How dare you
