

Silver Linings

Sarah Darling

When I made my mind up
To always keep my chin up
I didn't know it could hurt like this
Another door slammed in my face
Another came in second place
And I say I prayed for this

I'm so tired of being queen of silver linings
Dancing in the rain to hide the tears I'm crying
Arms full of consolation prizes
Instead of what I need
I'm so tired of being queen of silver linings

I'm trying to take this broken heart
And turn it into a work of art
Feels like I'm running out of paint
But I'll smile for the show
And I'll never let them know
Rose-colored all the way

I'm so tired of being queen of silver linings
Dancing in the rain to hide the tears I'm crying
Arms full of consolation prizes
Instead of what I need
I'm so tired of being queen of silver linings

It's like trying to shine up the rain
Like putting rhinestones on the pain

I'm so tired of being queen of silver linings
Dancing in the rain to hide the tears I'm crying
Arms full of consolation prizes
Instead of what I need
I'm so tired of being queen of silver linings
