

Do The Moves

Sarah Geronimo

Get on the floor
Everybody get ready
You can do more
Just dance, don't sweat it
It's time to party
And dance all night
Throw your hands up high
And do it right

Feeling so fresh
Feeling so fly
Raise your arm to the ceiling and touch the sky

Feeling so fresh
Feeling so fly
Not a care in the world, let's dance all night

Move with me, move with me
Do the moves
Dance with me, dance with me
Dance all night

Yeah Yeah
Do the moves
Yeah Yeah
Dance all night

Keep on dancing
Don't stop the groove
Get out your seats and
Do the moves
Feeling fresh, no cares at all
Move your body
Get off the wall

Feeling so fresh
Feeling so fly
Raise your arms to the ceiling and touch the sky

Feeling so fresh
Feeling so fly
Not a care in the world, let's dance all night

Move with me, move with me
Do the moves
Dance with me, dance with me
Dance all night

Do the Moves
You can do more
dance all night let it out on the floor
move move party don't stop
keep on dancing till you hit the spot
So feel the vibe
Put your hands up
Get on the dance floor show me your stuff
Be so light you can't get enough

So let's get it jumping now
Everybody know it's going down
Let your body feel the sound
Nothing gonna stop us now
So Do the Move
you can do more
dance till we burn up the floor
people put your hands up high
don't sweat it, dance all night

Feeling so fresh
Feeling so fly

Move with me, move with me
Do the moves
Dance with me, dance with me

Move with me, move with me
Do the moves
Dance with me, dance with me
Dance all night
