## Sarah Geronimo

I hear you calling my name
Where I have gone you have followed
Waiting for me to wake up and see the light

Gone to the ends of the world Searching for love everlasting It seems now that I have only to fly to you To find it

So... now I know...

Now I've learned

Now I return

Now I run to the one who loves me so

Wondered where home was for me Search far and wide for the answer When all along my heart belonged with you With you

You come to me wherever I go I have come to love you I have come to love you...
