

# Important

Sarah Jaffe

You don't shock me  
But you surprised me  
Reality tv  
There's not much going on  
Same words, same song  
Just like everyone else  
But it feels important to see  
Cause you're important to me

Important to me  
Important to me  
Important to me  
I-M-P-O-R-T-A-N-T (to me, to me)  
Important to me (to me)

I couldn't sleep  
You got me surrounded  
Emergency  
I feel it coming on  
Toss and turn all night long  
Am I getting ahead of myself?  
It feels important to see  
Cause you're important to me

Important to me  
I-M-P-O-R-T-A-N-T (to me, to me)  
Important to me  
Important to me  
I-M-P-O-R-T-A-N-T (to me, to me) (on a pedestal)  
Important to me (to me, to me)

I want you to know you're so special to me  
On a pedestal  
All logic out the window  
My heartbeat crescendos  
I want you to know you're so special to me  
On a pedestal  
All logic out the window  
My heartbeat crescendos

Important to me
