

## Across The Canyon (Reprise)

Sarah Jarosz

Everyone is calling out for help  
Everyone is calling out for help  
Everyone is calling out for help  
Everyone is calling out for help

Everyone is calling out for help  
Everyone is calling out for help  
Everyone is calling out for help  
Everyone is calling out for help

I looked at you across the canyon  
I looked at you across the sea  
I looked at you across the canyon  
Oooh, did you see me?
