

## Belly Shots

Sarah Klang

I was on my way to the top, yeah  
Crowd surfing on my back, yeah  
Champagne, cherry on the top, yeah  
Hotel rooms, riding in the front, yeah

But I was always dreaming about something else  
I was always hungover and sad in that place  
I was always dreaming about something else  
And when I closed my eyes, I could see you

I was on my way to the top, yeah  
Jerking off to pictures of myself, yeah  
Cocaine party and I was going topless  
Heavy drinking, belly shots, yeah

But I was always dreaming about something else  
I was always hungover and sad in that place  
I was always dreaming about something else  
And when I close my eyes, I can see you

When I close my eyes, I can see you  
When I close my eyes, I can see you  
When I close my eyes, I can see you  
When I close my eyes, I can see you

I was on my way to the top, yeah
