

Blue Bird

Sarah Klang

Oh, my little blue bird
I Hope you feel happy now
Oh my, my little blue bird
I Hope you're some place where they treat you much better now
Do you remember?
We were laying in the grass under the sun last summer
And you, you were happy
I Thought she was good

And If I could, you know I'd do it all again
Let me do it all again with you, for you
And If I could, you know I'd do it all again just for you
Oh and If I could, you know I'd do it all again
Let me do it all again with you, for you
And If I could, you know I'd do it all again with you

Oh, my little blue bird
I Hope you feel happy now
Oh my, my little blue bird
I Hope you're some place where they treat you much better now
Do you remember?
We were laying in the grass under the sun last summer
And you, you were happy
I Thought she was good

If I could
If I could
Oh, and if I could
I'd do it for you

Cause she was my blue
Oh my, Oh my Blue Bird
Yeah, she was my blue
Oh my, Oh my Blue Bird
She was always, always such a sad girl
She was always my
Oh my Blue Bird
