

## Canyon

Sarah Klang

Traveling through this highway light  
I see your face when I close my eyes  
Thinking about you  
Used to make me smile  
Now I'm just traveling to get by

Wake up and my mind is a desert  
And my heart is a canyon  
You can't keep a bad girl down  
Wake up and it's finally over  
And my heart is a canyon  
You can't keep a bad girl down

Traveling through this highway light  
I see your face when I close my eyes  
Thinking about you  
Used to get me high  
Now I'm just traveling to get by

Wake up and my mind is a desert  
And my heart is a canyon  
You can't keep a bad girl down  
Wake up and it's finally over  
And my heart is a canyon  
You can't keep a bad girl down
