

## Demons

Sarah Klang

Do you remember when we used to run around in the dark?  
Dance in slow motion and your hair was a lot shorter than mine  
was  
We used to sit in my room and you said that we'll be friends fo  
rever  
We'll keep in touch when we grow up  
Do you remember when we used to follow rivers at night?  
Chasing the rhythm, moving so fast until we could hide  
You used to dry my tears and I said that we'll be friends forev  
er  
We'll keep in touch when we grow up

When you love me  
All my demons go away  
When you love me  
All my demons go away  
When you love me  
All my demons go away  
When you love me  
All my demons go away

Are we? Are we golden still?  
Could we? Could we do it all again?  
Tell me. Tell me what you see  
Do you? Do you still feel the same?  
Are we? Are we golden still?  
Could we? Could we do it all again?  
Could we do it all again?  
Could we do it all again?  
Do you still feel the same?  
Do you still feel the same?
