

Happier

Sarah Klang

I stopped checking if you are breathing while you're sleeping
Time goes by so fast and you are really growing

Take you out to play in parks I used to drink in
I swing you in the air and I let it all sink in

I'm happy with you, I'm happier with you, girl
Happy with you, I'm happier with you, girl

I stopped hating on myself like I used to do
I don't want you to see me in a bad place when I'm with you

Take you out to play in parks I used to drink in
I swing you in the air and I let it all sink in

I'm happy with you, I'm happier with you, girl
Happy with you, I'm happier with you, girl

Ooh-ooh-ooh
Ooh-ooh-ooh

Take you out to play in parks I used to drink in
And I swing you in the air and I let it all sink in

I'm happy with you, I'm happier with you, girl
Happy with you, I'm happier with you, girl

I stopped checking if you are breathing while you're sleeping
