

Love Bliss

Sarah Klang

I had you now I don't
You loved me then You won't
I have you now I don't
You loved me the you can't you just won't
Oh love bliss I remember
Going backwards on the train
Oh love bliss I remember
Dark outside and I'm afraid
See your face on the screen
I'll delete it

I had you now I don't
You loved me the you won't
Had our time in the universe
Moments that we shared
Wonder where it all got lost
Can't find it anywhere

Oh love bliss I remember
Going backwards on the train
Oh love bliss I remember
Dark outside and I'm afraid
See your face on the screen
I'll delete it
