

Lover

Sarah Klang

Oh what a night
Started so good but then I dreamt of you
That broken smile
Sound of your voice in late July

You were mine
I was yours
We were frozen in time
You're the love of my life

Oh what a day
Started so good but then I saw your face
In the crowd
Like an angel you were shining through

You were mine
I was yours
We were frozen in time
You're the love of my life

Never gonna feel okay without you
Never gonna find better love
Never gonna feel okay without you
Never gonna find better love

I was yours
I was yours
We were frozen in time
You're the love of my life

Love of my life
You're the love of my life
Love of my life
You're the love of my life
