

Strange

Sarah Klang

Did you know I was dreaming of you
Long before I knew your name?
Did you know I once saw you?
When I looked in the mirror
I saw it clearer

I was lost and I never got found
It's a curse, it goes 'round and around

Did you know I was dreaming of you?
Chasing time, so I wouldn't miss the cue

Oh, ooh, it's a strange way
How I learned your name
Oh, ooh, I am laying still
So I can feel your kick within

Did you know I was dreaming of you
Long before I knew your name?

I was lost and I never got found
It's a curse, it goes 'round and around

Oh, ooh, it's a strange way
How I learned your name
Oh, ooh, I am laying still
So I can feel your kick within

So I can feel your kick within
