

# Strangers

Sarah Klang

I met him when I was young  
I was out with my best friend having fun  
She died when she was 21  
Sometimes I still think about her

When I pass him on the street or when I meet him in a bar  
When I feel him in my dreams or when I wake up in the dark

It's like we're  
(Strangers)  
Strangers  
We're  
(Strangers)  
Strangers  
But he knows everything about me

We moved in with each other pretty fast  
Sometimes we fought real bad  
But he made me laugh almost every day  
Oh, it was hard to see him walk away

When I pass him on the street or when I meet him in a bar  
When I feel him in my dreams or when I wake up in the dark

It's like we're  
(Strangers)  
Strangers  
We're  
(Strangers)  
Strangers  
But he knows everything about me

Please don't tell my secrets to anyone  
I will never tell your secrets to anyone  
Oh, please don't tell my secrets to anyone  
I will never tell your secrets to anyone

Strangers  
Strangers  
He knows everything about me  
Oh, I know everything about him
