

Nowhere

Sarah Reeves

You don't, You don't condemn
You always see my best
You make me confident, o-oh
You lift my head
You don't, You don't condemn
You always see my best
You make me confident, o-oh
You lift my head
You lift my head

There's nowhere that I can go
There's nowhere that I can hide
When I feel like I'm alone
Your love and my heart collide
There's nowhere that I can go
There's nowhere that I can hide
When I feel like I'm alone
Your love and my heart collide

You wipe away my tears
And disarm my every fear
My biggest champion, o-oh
To You I run
To You I run

There's nowhere that I can go
There's nowhere that I can hide
When I feel like I'm alone
Your love and my heart collide
There's nowhere that I can go
There's nowhere that I can hide
When I feel like I'm alone
Your love and my heart collide

You pull me in
You pull me in close
You pull me in
You pull me in close
You pull me in, You pull me in
You pull me in close
You pull me in, You pull me in
You pull me in close!
There's nowhere, there's nowhere

There's nowhere that I can go
There's nowhere that I can hide
When I feel like I'm alone
Your love and my heart collide
There's nowhere that I can go
There's nowhere that I can hide
When I feel like I'm alone
Your love and my heart collide

There's nowhere that I can go
There's nowhere that I can hide
When I feel like I'm alone
Your love and my heart collide

Your love and my heart collide
