

Blah, Blah, Blah

Sarah Vaughan

I've written you a song
A beautiful routine
I hope you like it
My technique can't be wrong
I learned it from the screen
I hope you like it
I studied all the rhymes that all the lovers sing
Then just for you I wrote this little thing

Blah blah blah blah moon
Blah blah blah above
Blah blah blah blah croon
Blah blah blah blah love

Tra la la la, tra la la la la merry month of May
Tra la la la, tra la la la la 'neath the clouds of gray

Blah blah blah blah your hair
Blah blah your eyes
Blah blah blah care
Blah blah blah skies

Tra la la la, tra la la la la cottage for two
Blah blah blah blah blah, darling with you...
