

Day Dream

Sarah Vaughan

Day dream
Why do you haunt me so?
Deep in a rosy glow
The face of my love you show

Day dream
I walk along on air
Building a castle there
For me and my love to share
To share

I don't know the time
Lordy, I'm in a daze
Sun in the sky
While I moon around, feeling hazy

Day dream
Don't break my reverie
Until I find that he
Is daydreaming just like me

Don't know the time
Lordy, I'm in a daze
Sun in the sky
While I moon around, feeling hazy

Don't break my reverie
Until I find
Until I find that he
Is daydreaming just like me
Daydreaming
Daydreaming
Daydreaming just like me
