

## Easy Living

Sarah Vaughan

Living for you is easy living  
Its easy to live when youre in love  
And Im so in love  
There is nothing in life but you

I never regret the years that Im giving  
Theyre easy to give when youre in love  
Im happy to do whatever I do for you

For you maybe Im a fool  
But its fun  
People say you rule me with one wave of your hand  
Darling, its grand  
They just dont understand

Living for you is easy living  
Its easy to live when youre in love  
And Im so in love  
Theres nothing in life but you
