

Here, There and Everywhere

Sarah Vaughan

Here, making each day of the year Changing my life with a wave
of her hand Nobody can deny that there's something there

There, running my hands through her hair Both of us thinking ho
w good it can be Someone is speaking but she doesn't know he's
there

I want her everywhere And if she's beside me, I know I need nev
er care But to love her is to meet her everywhere Knowing that
love is to share Each one believing that love never dies Watchi
ng her eyes and hoping I'm always there

To be there, and everywhere Here, there and everywhere
