

## If I Knew Then (What I Know Now)

Sarah Vaughan

If I knew then what I know now  
If I knew then, you'd be here right now  
I'd trade the world and its gold, to have and to hold  
The one thing in life I love

If I knew then, oh, what I know now  
We would never have drifted apart  
If I had only taken your dream and made it part of mine  
If I knew then, oh, what I know now

If I knew then, oh, what I know now  
We would never have drifted apart  
If I had only taken your dream made it part of mine  
If I knew then what I know now
