

they say that you've born to the eternal kidness  
and that was conceived by divine grace  
that came to finish with the perversion and evil  
and died on the cross to humanity save

the perversion and evil only start after you came  
because you was only a crazy lier  
false saints were with you on your insanity  
and the more stupids believed on you

thieves and corrupts  
now eleited priests  
they sellled pieces  
of cloth saying it were yours  
the chief of insanity  
now is reigning at rome  
the perversion and evil  
only start after you came
