

## Discovering the Enshrouded Eye

Sargeist

Ritual recitations are done  
A cold current impales me  
It's white fire engulfing my soul  
In the death-womb of void

Discovering the sinister eye  
Within enshrouded reaches  
From one end to another end  
Obscure chants are carried

In me the Devil lives on  
Manifesting in my thoughts  
Appearing in my passionate deeds  
As a fist when i strike revenge

In glory for his eternal majesty  
My voice is your voice  
I am but a cup to be filled  
With the wrath of Hell

Enlightened by the sinister eye  
Within enshrouded reaches  
From one end to another end  
Obscure chants are carried
