

# Questing The Blessing Of Evil

Sargeist

Atrocious master

Hear my tormented prayers

I quest thy blessing

Bleeding for thy name

For thee my guard is lowered

Pierce through the human skin

Wretched timeless being

Possess me, oh infernal lord

Infect me with malevolence

Thy magnificent gleam

Radiance of darkness and evil

Scaring each and every bone

Sow in me thy seed of desecration

My nature is that of a beast

Well prepared to hunt my enemies

Im their nightmare from hell

Thirsting for blood on my spear

And spells of destruction itch

Black Metal inquisition

To reign and to restore
