Ah God and power me
Give me the strength to leave in ur word
God,
Ah
I pray for forgiveness, a new year, a new life, new everything
God please and power us, let go
We need u right now,
My heart is opened
My soul take control,
God I'm sick and tired of what I've been doing
Just wanna be a different person for this year
And I pray and sanctify my whole life into your hands
Take charge
In Jesus name I pray Amen
