First of, lemme clap for you baby you brave  
But you can't pick and choose what to say, please behave  
Obia ansoma wo so ohemaa if you wanna talk  
You gotta tell the world every god damn nigga you fucked  
You can't just play the victim and paint a picture like you  
Were just looking for love from all the dicks that you sucked  
I'm not gonna sit here and lie we had a thing  
First thing I thought you were cool till I had a hint  
Na me fii sɛ boys aclock with the baddest bitch  
Nanso sɛna yennyinaa yesesa so sɛ Cuban links  
I was tryna stay away from you but then you came  
Wokyere me sɛ wonyem and I'm the one to be blamed  
Ok of course I thought that you were trying to start another drama  
Abi boy from the street I know the game  
Yes, I wasn't ready but then I told you to keep it  
Wokyere me sɛ won school na wooko you've got to complete it  
To be very honest till today I don't believe it  
Cos mekaase mea me doctor bewhyew  
You say you don't need it  
After conversation naa then you sent me a text  
Sɛ wadamfo bi wo doctor bi but you know he's the best
