I never thought I was gonna be on this wave
Cos I was ready to take a couple things to my grave
First of, lemme clap for you baby you brave
But you can't pick and choose what to say, please behave
Obia ansoma wo so ohemaa if you wanna talk
You gotta tell the world every god damn nigga you fucked
You can't just play the victim and paint a picture like you
Were just looking for love from all the dicks that you sucked
I'm not gonna sit here and lie we had a thing
First thing I thought you were cool till I had a hint
Na me fii se boys aclock with the baddest bitch
Nanso sena yennyinaa yesesa so se Cuban links
I was tryna stay away from you but then you came
Wokyere me se wonyem and I'm the one to be blamed
Ok of course I thought that you were trying to start another drama
Abi boy from the street I know the game
Yes, I wasn't ready but then I told you to keep it
Wokyere me se won school na woko you've got to complete it
To be very honest till today I don't believe it
Cos mekaase mea me doctor bewhyew
You say you don't need it
After conversation naa then you sent me a text
Se wadamfo bi wo doctor bi but you know he's the best
So don't you make it seem that I was the one pushing you for abortion
Cos that be the only part wey make I vex, yeah

Se wompe medea gyae me
Aden na wodaadaa me
Wode mame wia na wode akoma Kwame

Few weeks ago you tryna set me up again
Wosheda kyere me WhatsApp se you still go through the pain

Shoddy just says it's in the bag
Cos after wei no yese bring the happiness back
Take the blame cos nobody is the cause of a bad choice in life
Stop the personal attacks
First few hours and the book is doing well
